# PRESENTATION

With this course

---

## *Expert in Soccer Fundamentals*

You will learn to perfectly master all the individual offensive and defensive behaviors that players must carry out depending on their position on the field of play, helping the football coach to make the player aware of all the casuistry that can occur in all positions. .

**INNOVATIVE PROGRAM  
BASED ON TRENDS IN THE  
SPORTS WORLD**

---

INNOVATIVE CLOTH-BASED PROGRAM Behaviors are specific to each of the lines of play while respecting the performance of the rest of the team's lines. They are raised through a general perspective, easily adapting to any system / game model.

The Soccer Fundamentals Expert is an amazing training guide and helper for you to tell players how to solve any scenario in the game while respecting the rest of the team. **DENCIAS FROM THE SPORTS WORLD**

---

# OBJECTIVES

---

- We will learn the types of existing methodology and their practical applications in order to adapt to a global vision of the coach from the most qualified experts.
- We will see the differences and similarities of the traditional and integrated methodology.
- We will work on the types of teachings for the conception of our own training model for the application of our training to always seek an evolution of our teams.
- We will visualize the types of didactic training strategies to understand and improve the methodology applied to our teams.

*START AND REGISTRATION: IMMEDIATE*

This qualification has the same validity outside as within Spain, since it is a curricular title of studies, and protected by the Organic Law of Universities. No specific homologation or accreditation is required, since the Universities have the capacity to issue their own degrees, as stated in article 2.g) of the Organic Law on Universities 6/2001.

# INFORMATION ON THE TRAINING UNITS

The training units have an average duration of 8 ECTS credits, including the activities of that unit, the teaching methodology, are accompanied by demonstrative videos by teachers and experts, as well as complements of visual presentations, articles of interest and interviews with professional technicians, to achieve effective, deep and attractive learning.

Likewise, it consists of continuous evaluations of activities by teachers.

Finally, the expert will have a final project of 4 ECTS credits based on real cases.

# STUDY PLAN

---

**Module 01** Description of the objectives of the course (8 ECTS)

**Module 02** Contextualization (8 ECTS)

**Module 03** Contextualization and exposure of the individual offensive and defensive behaviors of the "line to which the goalkeeper belongs" (8 ECTS)

**Module 04** Contextualization and exposure of the individual offensive and defensive behaviors of the "defensive line of 4" (8 ECTS)

**Module 05** FINAL PROJECT (4 ECTS)

# TARGET AUDIENCES

---

- **Coaches who have football experience.**
- **Trainers who are certified.**
- **Graduates or Bachelors in Physical Activity and Sports Sciences.**

Each of the lines of action of the program are intended to attract and develop talent and aptitude within football.

# METHODOLOGY

---

## ***VIRTUAL CLASSROOM / LEARNING COMMUNITY***

### **INDUCED DISCOVERY ACTIVITIES**

Activities in which the student will be able to carry out a contextualized learning by working, in the Virtual Classroom and in a collaborative way, a real or simulated situation that will allow him to make a first approach to the different subjects of study.

### **INTERACTION AND COLLABORATION ACTIVITIES**

Activities in which different topics related to the subjects of each subject will be discussed and argued and that will serve to guide the induced discovery process.

### **PRACTICAL APPLICATION ACTIVITIES**

*It includes problem solving, project development and similar activities that allow applying the conceptual, procedural and attitudinal aspects worked on in other parts of the subjects.*

### ***PRESENTATIONS OF WORK AND EXERCISES***

### **SEMINARS**

# METHODOLOGY

---

## ***VIRTUAL CLASSROOM / STUDENT-TUTOR INTERACTION***

### **TUTORING**

They allow direct interaction between teacher and student for the resolution of doubts and individualized advice on different aspects of the subjects.

### **PRESENTATIONS OF WORK AND EXERCISES**

It includes the individual elaboration and, where appropriate, virtual defense of the works and exercises requested, in accordance with the defense procedures established in the teaching guides.

### **EVALUATION ACTIVITIES**

More information in the "Assessment" section on page 12 of this Master program.

# METHODOLOGY

---

## ***TRABAJO AUTÓNOMO DEL ALUMNO***

### **STUDENT'S AUTONOMOUS WORK**

Individual work of the materials used in the subjects, although supported by the resolution of doubts and construction of knowledge through a forum enabled for these purposes.

This activity will be the basis for the development of debates, problem solving, etc.

### **PRACTICAL APPLICATION ACTIVITIES**

It includes individual work in problem solving, project development and similar activities that allow applying the conceptual, procedural and attitudinal aspects worked on in the other parts of the subject.

### **CRITICAL READING, ANALYSIS AND RESEARCH**

These are activities in which the student approaches the different fields of study with a critical eye that allows an approach to research. Examples include book reviews or article reviews and research projects.

# EVALUATION

---

The student chooses the following evaluation system, according to their personal situation and training needs:

## ***Continuous evaluation + TFE***

- 60% of the final grade is obtained through the activities that are proposed during the course and that will be assessed in "continuous evaluation"; the performance by the student of these activities will be subject to a verification check by the teachers.
- The remaining 40% of the final grade will be obtained from the Final Expert Work (TFE) that will be done at the end of the course.

The final project will encompass all the areas studied and will always involve the development of a real case, since at FutbolLab we want our courses to be aimed at the real training situation that technicians find in their teams at all times.

# EVALUATION

## VIRTUAL CLASSROOM

---

The course is taught entirely online. They will be carried out through our virtual campus that is accessed from the official Futbollab page ([www.futbollab.com](http://www.futbollab.com)). From there you can enter topics, explanatory presentations, demonstrative videos, teacher analysis, tasks that are sent to you and corrected by teachers.

## TUTORS

The teachers offer continuous tutoring, establishing telephone and/or videoconference tutoring, explaining any doubts that may arise. They guide your training evolution throughout the course, depending on your profile and level of dedication or study schedule.

As we have indicated, the syllabus, videos, articles, interviews with experts are part of your evolution in the course, so you will carry out periodic exercises that the teacher corrects to give you the clearest idea of the topic that is being worked on.

# REGISTRATION PROCESS

---

To enroll you just have to click on the **Enroll** tab, from there you will be asked to enter your personal data necessary for the academic record and in the final part of the process you will be able to choose the payment format for this program.

Remind you that in this course you can go at your own pace and do it according to your availability, as long as you do not exceed the maximum time to do it, which in the case of experts is 18 months.

But, if you still need more time, you must request authorization from the admissions department to extend a time, in the event that you obtain a positive response, the new agreed time will be automatically extended.

# PROFESSIONAL OUTINGS

---

With this expert, you will learn sophisticated techniques of soccer fundamentals, but you will also access opportunities so that, once you graduate, you can participate in different institutions. This is a great advantage, since you will have the opportunity to perform your duties in: With this expert, you will learn sophisticated techniques of soccer fundamentals, but you will also access opportunities so that, once you graduate, you can participate in different institutions.
