MASTER'S DEGREE IN ADMINISTRATION AND SPORTS MANAGEMENT

Introduction

The sports world, due to its constant evolution, has positioned itself as an emerging market, which demands career professionals capable of administratively managing everything related to its control and operation. With the **Master in Administration and Management of Sports Entities**, you will be trained with solid service and marketing tools to consolidate an efficient organization.

With this career you will develop qualities for sponsorship, marketing, control of the human and material resources of a sports team. This is a profession that has been classified as one of the most demanded in the world of sports. Since it is objectively aimed at optimizing the management of everything related to the elements included in a sports entity.

With our Master in Administration and management of sports entities, you will study the complexity of the sports structure, to learn to manage the business resources associated with the teams, and thus achieve perfecting the operation of the entity.

It can be taken by professionals who meet the profile described below:

- Qualified and experienced trainers.
- Graduates or graduates in the areas of sports science and physical education.
- Technicians with proven soccer experience.

ESCUELA OFICIAL

FutbolLab

- People who are related to soccer and wish to expand their knowledge in this area.

The purpose is to provide the participant with the basic and advanced principles for the administration and proper management of the resources of the different sports entities.

All with academic rigor and based on the development of professional skills.

ESCUELA OFICIAL

Definition

The **Master in Administration and management of sports entities** trains the professional to master all areas that an entity involves, from marketing, management of human and material resources, the implementation of appropriate strategies, brand management, among other elements , so that you can efficiently face positions of sports business responsibility.

The program is designed for the participant to acquire administrative and management skills, which help to maximize the use of the elements and capacities of the sports entity to which they will belong.

The most basic definition: it would be the development of strategies of an administrative nature for the management of sports teams. Which makes it a profession with more field, and growing.

ESCUELA OFICIAL

FutbolLab

This training program will be carried out taking into account the following points:

Virtual Classroom: The courses are taught entirely in online mode. They are made through our virtual campus that is accessed from the front page of our website, www.futbollab.com , through the [Virtual Classroom Access](#) button . From there you can enter topics, explanatory presentations, demonstration videos, teacher analysis, tasks that are sent to you and corrected by teachers.

Tutors: Teachers offer continuous tutoring, establishing telephone tutorials and / or videoconferencing explaining the doubts that arise. They guide your formative evolution throughout the course, depending on your profile and level of dedication or study schedule. As we have indicated, the syllabus, videos, articles, interviews with experts ... are part of your evolution in the course, so you will perform periodic exercises that the teacher corrects to give you the clearest idea of the topic being working.

Evaluation: At the end of the course you will carry out a final project that will encompass all the areas studied and that will always involve the development of a real case, since from FutbolLab we want our courses at all times to be directed to the real training situation found in technicians in their teams.

Enrollment process: To enroll you just have to click on the Enroll tab, from there it will

ESCUELA OFICIAL

FutbolLab

ask you to enter your personal data necessary for the academic record and in the final part of the process you can choose the payment format of this program.

Remember that in this course you can go at your own pace and do it according to your availability, as long as you do not exceed the maximum time to do it, which in the case of masters is 2 and a half years, 18 months for Expert or Technical courses and 7 months for courses that are not of these categories.

It is ample time to complete, if you still need more time, you must request authorization from the admissions department to extend a time, in case you get a positive response the new agreed time will be automatically extended.
