FutbolLab

METHODOLOGY

STUDENT'S AUTONOMOUS WORK

INDIVIDUAL SELF-EMPLOYMENT ACTIVITIES

Individual work of the materials used in the subjects, although supported by the resolution of doubts and construction of knowledge through a forum enabled for these purposes. This activity will be the basis for the development of debates, problem solving, etc.

PRACTICAL APPLICATION ACTIVITIES

It includes individual work in problem solving, project development and similar activities that allow applying the conceptual, procedural and attitudinal aspects worked on in the other parts of the subject.

CRITICAL READING, ANALYSIS AND RESEARCH

These are activities in which the student approaches the different fields of study with a critical eye that allows an approach to research. Examples include book reviews or article reviews and research projects.

FutbolLab

EVALUATION

The student chooses the following evaluation system, according to their personal situation and training needs:

Continuous evaluation + TFE

- 60% of the final grade is obtained through the activities that are proposed during the course and that will be assessed in "continuous evaluation"; the performance by the student of these activities will be subject to a verification check by the teachers.
- The remaining 40% of the final grade will be obtained from the Final Expert Work (TFE) that will be done at the end of the course.

The final project will encompass all the areas studied and will always involve the development of a real case, since at FutbolLab we want our courses to be aimed at the real training situation that technicians find in their teams at all times.

EVALUATION

VIRTUAL CLASSROOM

The course is taught entirely online. They will be carried out through our virtual campus that is accessed from the official Futbollab website (www.futbollab.com).

From there you can enter agendas, explanatory presentations, demonstration videos, analysis of the teachers, tasks that are sent to you and corrected by teachers.

TUTORS

The teachers offer continuous tutoring, establishing telephone and/or videoconference tutoring, explaining any doubts that may arise. They guide your training evolution throughout the course, depending on your profile and level of dedication or study schedule.

As we have indicated, the syllabus, videos, articles, interviews with experts... are part of your evolution in the course, so you will carry out periodic exercises that are corrected by the teacher to give you the clearest idea of the subject being studied. working.

EVALUATION

At the end of the course you will carry out a final project that will encompass all the areas studied and that will always involve the development of a real case, since at FutbolLab we want our courses to be aimed at the real training situation that technicians find themselves in at all times. their teams.

FutbolLab
