PRESENTATION

The **Master's Degree in Football Goalkeeping Coach and Management of Goalkeeping Schools** is characterized for being a high-level educational program that offers participants the possibility of increasing their knowledge in all areas related to this sport. As we all know, in the soccer field, the goalkeeper is one of the most important positions in a match. This position must be occupied by a person who has absolute mastery of the game, and who also has special training. Therefore, he must have a plan devised to fulfill this role. As time goes by, clubs like Barcelona or Real Madrid spend millions to hire the best goalkeepers from different countries. With the change in the rules of the game, it has become clear that the goalkeeper is undoubtedly a fundamental component of the work of all the players.

OBJECTIVES

- Training of Football goalkeepers, both basic and professional goalkeepers.
 - Evaluation of the athlete.
 - Recruitment of new talents.
 - Direction of soccer goalkeeping schools.
 - Determine what are the causes of poor coordination of the person occupying this position.
 - Evaluate plays and attacks in the field of play.
 - In the professional field.
-

Each of the program's lines of action are aimed at capturing and developing talent and aptitude in soccer.

METHOD

VIRTUAL CLASSROOM | LEARNING COMMUNITY

DISCOVERY-INDUCED ACTIVITIES

The activities in which the student will be able to carry out a contextualized learning by working, in the Virtual Classroom and in a collaborative way, a real or simulated situation that will allow him/her to make a **first approach to the different topics of study.**

PRACTICAL APPLICATION ACTIVITIES

Includes problem-solving, project development and similar activities that allow the **application of the conceptual, procedural and attitudinal aspects worked on in other parts of the courses.**

INTERACTION AND COLLABORATION ACTIVITIES

The activities in which different topics related to the subjects of each subject will be discussed and argued, and which will serve to **guide the process of induced discovery.**

PRESENTATIONS AND EXERCISES

It includes the joint elaboration in the Virtual Classroom and, if applicable, the virtual defense of the assignments and exercises requested in accordance with the defense procedures established in the **teaching guides.**

SEMINARS

Includes face-to-face or virtual attendance to small group sessions, dedicated to specific topics of each subject.

METHOD

VIRTUAL CLASSROOM : STUDENT-TUTOR INTERACTION

TUTORIES

They allow direct **interaction between teacher and student** for the resolution of doubts and individualized advice on different aspects of the subjects.

PRESENTATIONS AND EXERCISES

It includes the individual preparation and, if necessary, virtual defense of the requested papers and exercises, in accordance with the defense procedures established in the teaching guides.

EVALUATION ACTIVITIES

More information can be found in the "Evaluation" section on page 13 of this Master's program.

METHOD

AUTONOMOUS WORK OF THE STUDENT

INDIVIDUAL WORK ACTIVITIES

Individual work of the materials used in the subjects, although supported by the resolution of doubts and construction of knowledge through a forum enabled for these purposes.

This activity will be **the basis for the development of debates, problem-solving, etc.**

PRACTICAL APPLICATION ACTIVITIES

It includes **personal** work in problem-solving, project development and similar activities that allow the **application of the conceptual, procedural and attitudinal aspects worked** in the other parts of the course.

CRITICAL READING, ANALYSIS AND RESEARCH

These are activities in which the student approaches the different fields of study with a critical eye that allows an approach to research. **Examples include book reviews or critiques of articles and research projects.**

EVALUATION

The student chooses the following evaluation system, according to his or her personal situation and training needs:

Continuous evaluation + TFM

60% of the final grade is due through the activities which should be done through the course and that will be assessed in "continuous evaluation"; the student's completion of these activities will be subject to a verification by the professors.

The remaining 40% of the last grade will be obtained from the Master's Final Project (TFM) to be carried out at the end of the course.

The FINAL project will include all the areas studied and will always involve the development of a real case, since from **FutbolLab** we want our courses to be directed to the real training situation that coaches find in their teams.

EVALUATION

VIRTUAL CLASSROOM

The course is taught entirely in online mode. They will be conducted through our virtual campus that is accessed from **the official website of Futbollab** (**www.futbollab.com**).

From there you will be able to use the syllabus, explanatory presentations, demonstrative videos, analysis of the teachers, assignments that the teachers will send and correct.

TUTORS

The teachers offer **continuous tutoring**, establishing telephone and/or videoconference tutorials explaining any doubts that may arise. They will guide your training evolution throughout the course, depending on your profile and level of dedication or study schedule.

As we have indicated, **the syllabus, videos, articles, interviews with experts... are part of your evolution in the course, so you will do periodic exercises that are corrected by the teacher** to give you a clearer idea of the subject being worked on.

ENROLLMENT PROCESS

To enroll you only have to click on the **Enroll** tab, from there you will be asked to enter your personal data necessary for the academic record and in the last part of the process you will be able to choose the payment format of this program.

Remember that in this course you can go at your own pace and complete it according to your availability, as long as you do not exceed the greatest time to complete it, which in the case of the master's degree is **2 and a half years**. However, if you still need more time, you must ask authorization from the admissions department to extend the time. If you get a positive response, the new time will be automatically extended.

PROFESSIONAL OPPORTUNITIES

With this Master, you will learn sophisticated techniques of analysis in soccer, but you will also have access to opportunities so that, once you graduate, you can participate in different institutions. This is a great advantage, as **you will have the opportunity to share and expand the knowledge acquired in different areas, expanding your network of contacts.**

You will be able to alternate with different sports federations within prestigious soccer clubs, among a variety of other organizations, in order to **foster your skills and growth in the field.**

The **professional graduate of our Master's Degree in Football Goalkeeping Coach and Management of Goalkeeping Schools** will be able to perform his functions in:

- Professional soccer clubs.
- Personal trainer of soccer players.
- Athletes Federations.

PROFESSIONAL OPPORTUNITIES

JOB OPPORTUNITIES

Upon completion of your degree, **you will be included in a large database so that you can apply for a Master's Degree in Football Goalkeeping Coach and Management of Goalkeeping Schools**

Our prestigious platform has national and international reach, and is constantly visited by a variety of soccer clubs in search of trained professionals, offering excellent salaries.

With your enrollment, you are already on your way to becoming part of the most select soccer team in the world. Not only will we provide you with the academic tools, but we will also introduce you to the most demanded and best paid labor field in the sport.

Don't think twice and start your career towards success.
